

Aria 2 AT Suter Brook

Port Moody's New Urban Village

By Bill Kimmett

FOR A BRIEF TIME thirty years ago I lived in the sleepy village of Port Moody. The forested mountains still provide a majestic backdrop, the inlet waters dream along as always, and the City of The Arts is now a thriving vibrant village with all the trappings of the big city. In this setting, The Onni Group of Companies has created a master-planned village called Suter Brook on 22 acres, where west coast lifestyle can be enjoyed in an interactive, people-oriented village. Redefine your life here!

Salmon-bearing Suter Brook which runs through the centre of the community provides both the name and the counterpoint for this new urban village. A mix of low-rise, high-rise and commercial space is transforming this pivotal Port Moody site into a pedestrian-friendly neighbourhood, where everything is close at hand. Stroll along the tree-lined central plaza and immerse yourself in the ambience of this welcoming village. Or, commune with nature as you saunter along the banks of Suter Brook. All of this stress reduction, courtesy of the master-planned community of Suter Brook.

Aria, a soaring residential 26 storey high-rise which sits proudly above a 35,000 sq. ft. grocery store was such a success that it is now 85% sold. But not to worry!, with Aria 2 now on the horizon... Such convenience! Wander along to your favourite coffee shop for your morning latte, then saunter over to do some shopping in your neighbourhood supermarket. Boutique stores to a variety of services, its all here: just leave your car at home and exercise your legs.

The luxurious finishes of Aria 2 again define what fine living really is all about. If you are looking for luxury, pampering comfort and opulence, here it is, just waiting for you. And the superb sea-side location truly places its indelible mark on Suter Brook where nature and architectural finesse subtly co-exist in the jewel of Port Moody.

Suter Brook is superbly located within the heart of Port Moody close to the corner of St. Johns Street and Ioco Road. You are within walking distance to the delights of Newport Village, the recreation centre, city hall, tennis courts, swimming pool, library and much much more. Across the street along the lapping waters of Burrard Inlet you can while the hours' away beachcombing at Inlet Park and Rocky Point Park. From mountain lakes to arts and culture at the Port Moody Arts Centre, it is all yours for the taking.

“A master-planned urban village in Port Moody is yours to call home.”

Suter Brook is an entrancing village where you can stroll along creek side trails or along tree-lined boulevards to meet new friends. For village life means moving closer to the true essence of who you are. When you need to leave your village home, you are a quick commute from the Lower Mainland's major access points. The West Coast Express will speed you into downtown Vancouver in 22 minutes, while closer to home, Coquitlam and Port Coquitlam offer major shopping and services. Close to nature: close to it all; that is Aria at Suter Brook.

Aria 2 Sales Centre is located at 300 Capilano Road, Port Moody [off Murray Street], open noon to six pm [except Fridays.]. To pre-register, call 604 552 0552 or visit www.onni.com.
